**THE KLASSIK STUDIO
TABLE & WALL LAMP**

By Lasse Storm Jørgensen 2018

Colors: Black / Grey / White

Inspired by classical designs and materials of Danish lamps from the early mid-century and with a decidedly industrial feel, Lasse Storm Jørgensen has designed this series of lamps for Klassik Studio to create an atmosphere of comfort and at the same time to fit harmoniously in the modern spaces. The table lamp and wall lamp emit downward light with an adjustable shade to optimize the light distribution. The lamps are in painted brass with raw brass inside to ensure a comfortable and warm light.
